Subject pesticide workshop

Hi Chad,

I'm not sure if you are planning on attending the second workshop, so I am personally inviting you to come to this next one. There are going to be some interesting facts revealed that I think you would find relevant. (at least some

of us here on Hwy.36 thinks it is relevant to labels).

So please, if you can find time it won't be a waste of yours. The workshop begins at 2pm and ends at 5pm.

Again thank you for taking time out of your schedule to come out to our area, you will always be remembered for that effort!
